

The Muse Letter

October
2005
#2, Pg. -1

Notes from the Road:

Well we are in lovely Montana where the fall colors are in full swing. We have been enjoying the lovely colors and contrasts as we drive through this fair state.

We have performed at the Hearst Free Library in Anaconda with its beautiful high ceilings and great acoustics. We had both the Catholic priest and the Lutheran minister in attendance, who both loved the show and paid us many compliments. The Ladies Ancient Order of Hibernians brought treats for the audiences (as did the Library staff) and danced in the aisles for us.

Next was the Valier Public Library who had us play in the high school multi-purpose room where we were warmly received by everyone who came, including the town mayor. A good time was had by all.

The Cut Bank-Shelby Concert Series had us in after that where we performed in the high school auditorium.

There were several music teachers and choir conductors who were a part of the Concert Series board and they all gave us an A+. Everyone enjoyed the show and asked when we'd be back.

Last night we performed for the Missoula Public Library to a full and comfortable room of happy library patrons. Most of the library staff seemed to have poked their heads in as well and again we were warmly received and everyone enjoyed the music.

Tonight we perform at Sean Kelly's Pub here in Missoula and then we are off to Moscow, Idaho where we perform for the Palouse Folklore Society doing a House Concert at The Attic.

Hope you're enjoying music wherever you are,

Many of you know already that we are working on our newest CD right at this moment. We have spent the last month or so laying down track after track of some of our most fun songs trying to get everything exactly right. We are also excited to announce that for the first time on one of our CD's we have a producer. Kelly works out of Boston with some major studios on the east coast, she is well versed in the industry and we greatly respect her opinions. She has been giving us many fantastic ideas and suggestions which we are applying as fast as we can to the new album. When we return from our Montana tour to Colorado she will fly out from Boston to work with us on mixing the new material, laying down any additional tracks and then sending it off for mastering and eventually production so that we can send it off to you! We are pleased to announce that we already have quite a few pre-release sales orders, so get your order in now and we'll cover the shipping costs! With selections like "Cape Cod Girls, Haul Away Joe, Sailor's Prayer, Maiden's Revenge, and the Bonny Ship the Diamond" to list just a few, this is sure to be an instant favorite! We are anticipating a November release.
